

SCENARIO	BUSINESS ROUNDTABLE	Saturday, 3 June 2023
Detailed Programme and Run of Show		13:30 – 19:30 Venue: Trademark Hotel

The Business Leaders Roundtable is an initiative of the United Nations Human Settlements Programme (UN-Habitat) to bring together top business and industry leaders from around the world to discuss ways to achieve more resilient and sustainable cities (SDG 11). In particular, it seeks to explore how the private sector can be more effectively in efforts of bridging the urban infrastructure/financing gap and scale up resilience efforts to prepare cities and communities to face current and upcoming urban challenges.

The roundtable will bring together private sector leaders, philanthropists, development banks, investors, members states, and UN entities, with the goal of sharing concrete solutions to closing the financing gap and scale-up urban resilience solutions by drawing on the unique perspectives and expertise of a diverse audience. It will explore ways to leverage private sector expertise and resources to support the implementation of UN-Habitat’s New Urban Agenda and the Sustainable Development Goals.

13:30 – 14:00 ARRIVAL OF PARTICIPANTS

- *Participants arrive at the Trademark Hotel. They are given a badge (welcome table for list and badging, brochures available).*
- *DED, ERSKID Director and Team welcome participants at the entrance.*
- *Photos are taken against backdrop/wall with participants.*

- *Remind the audience to check in to the session by registering through an online link.*
- *Hand over to the session moderator – Mr. Dyfed Aubrey, Inter-regional Advisor, UN-Habitat*
- *The moderator will inform the audience to send out their questions to a link that will be shared to them or ask the question to a specific panelist*

Topic: “What needs to happen to increase the overall investment of the private sector in making cities more socially, environmentally and economically sustainable”

MODERATOR: Dyfed Aubrey, Inter-regional Advisor, UN-Habitat

PANEL:

- Diane Hoskins, Co-CEO of Global Architecture and design firm, Gensler
- Governor Gladys Wanga, Homabay County, Kenya
- James Donovan, Co-founder, and CEO, ADEC Innovations and Chairman, Global CEO Alliance (GCEOA)
- Natalia Dias, Managing Director - Capital Markets, Fund Raising & Investors Relations, BNDES
- Mayor Yücel Yılmaz, Balıkesir Metropolitan Municipality

14h35 -15h25: PANEL DEBATE: (50 Minutes)

Panel debate will follow, guided by the Moderator. Questions to the panel as follows:

To Governor Gladys Wanga and Mayor Yücel Yılmaz (5 minutes)

What do you see as the most critical investments needed to make your cities environmentally, socially, and economically sustainable?

To Diane Hoskins, James Donovan, Natalia Dias (5 minutes)

What urban sectors do you see the private sector engaging in successfully?

(POSSIBLE FOLLOW UP) (if time allows) Can private sector realistically be involved in public service delivery?

To Governor Gladys Wanga (5 minutes)

Is there a risk that poorer communities are left behind when private sector is engaged in public service delivery, basic services and housing?

To Diane Hoskins (extend the question to other panellists if time allows) (5 minutes)

What are the major bottlenecks that prevent private sector engagement in sustainable urban development.

Natalia Dias and Mayor Yücel Yılmaz (then other panellists if time allows) (10 minutes)

What mechanisms are being put in place to address these bottlenecks? And how can they facilitate private sector engagement in a way that leaves no one behind

James Donovan (5 minutes)

The annual corruption gap is estimated at \$5trillion, larger than the global infrastructure gap. can modern data management be deployed to overcome corruption?

All panellists (10 mins)

Coming back to the main topic, **what needs to happen to increase the overall investment of the private sector in making cities more socially, environmentally and economically sustainable”**

What are your recommendations to the Assembly?

The moderator will request the audience to vote on one of the recommendations by the panellists they think is most critical using Mentimeter.

The moderator will inform the audience to send out their questions to a link that will be shared to them or ask the question to a specific panelist.
